

Figure 1: The Matrix Converter Circuit and Controller

Figure 2A An Output Current Waveform for the Matrix Converter with an Induction Motor Load
Switching Frequency = 4kHz, Motor Shaft Speed = 3rpm

BEST AVAILABLE COPY

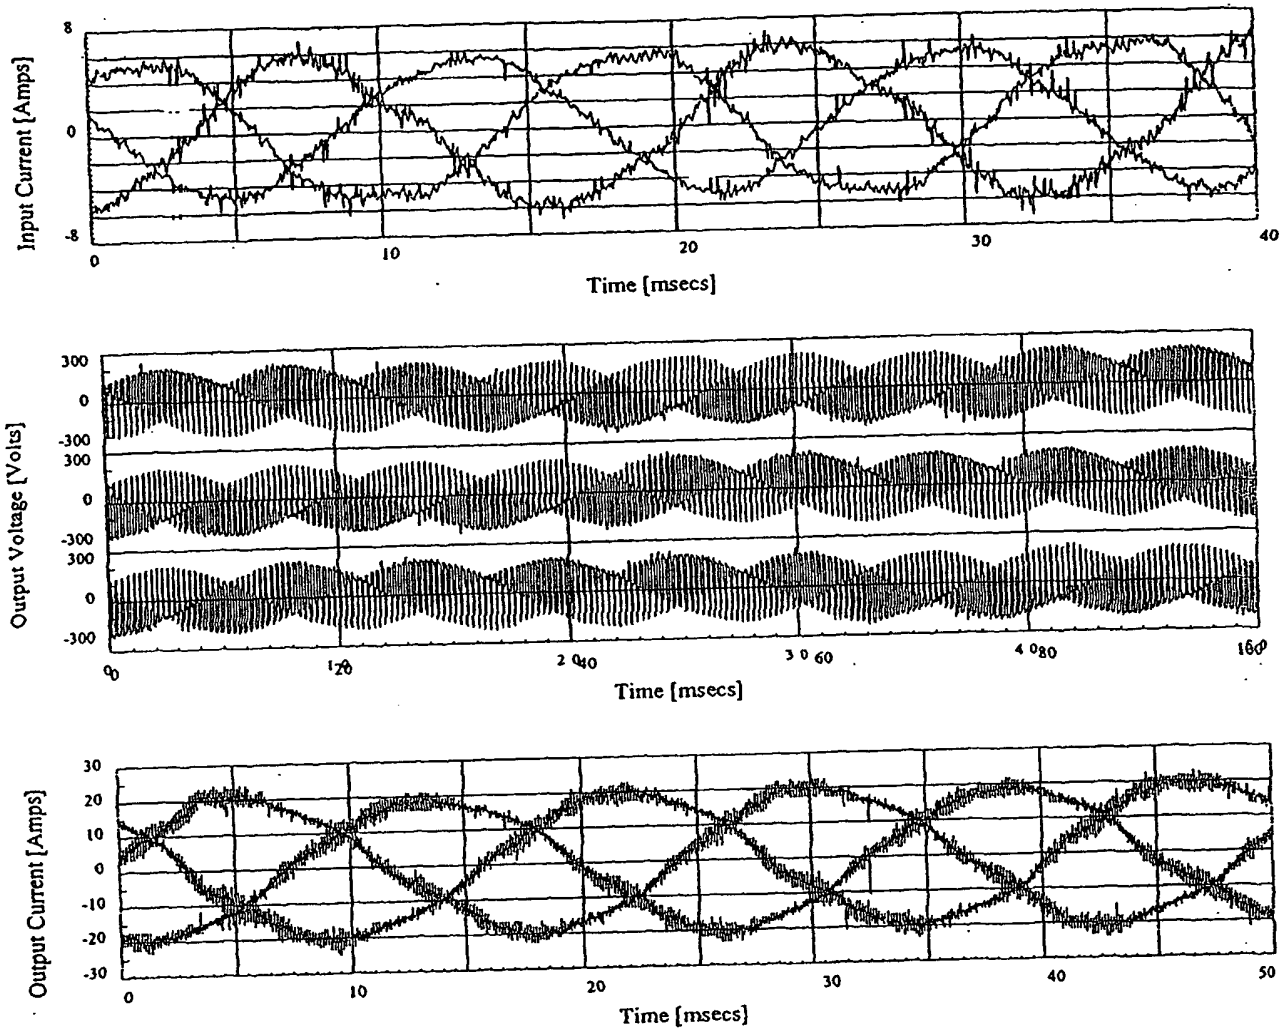

Figure 2B Input Current, Output Voltage and Output Current Waveforms
for the Matrix Converter with an Induction Motor Load
Switching Frequency = 4kHz, Input Frequency = 60Hz, Output frequency = 40Hz

BEST AVAILABLE COPY
